Effective solutions to meet your ultimate goals

Revolutionising the journey
to wealth creation

We are on a mission to simplify and democratize access to new-age investments. We at altGraaf want to help individual investors earn better returns by participating in high-quality fixed-income opportunities that go beyond equities, fixed deposits, real estate, and gold.

 Asset Backed Leasing

Two Types of Income Opportunity

Active income

This is money earned through work or providing a service, where there is a direct connection between the work and the payment.

Passive income

This is income that is not directly tied to the work you do, though some work is usually required to generate the revenue. The work is usually done early on, and the income comes later.

Working and Non Working Income Opportunity
